

ISO/IEC 27002 Qualification Scheme

ISO/IEC 27002 Training Courses and Prerequisites

The diagram below lists the three ISO/IEC 27002 certification levels:

- ISO/IEC 27002 Foundation
- ISO/IEC 27002 Advanced
- ISO/IEC 27002 Expert (not confirmed yet)

- The ISO/IEC 27002 Foundation certificate is a prerequisite for the Advanced Level Certification training course

Availability (as of March 2009)

- The ISO/IEC 27002 Foundation Certification Training Course is available. Please visit our website for open enrollment schedules or contact us for a competitive quote for an onsite class
- On March 5th, 2009 the exam requirements for the following ISO/IEC Advanced Level Certification training course has been released. It will take another 2-3 months before these courses will publicly be offered, since course providers will need to develop the course materials first and then seek accreditation.
- InterProm USA is an Accredited Training Provider by EXIN and APMG

-
- InterProm USA has initiated the process of becoming accredited for the ISO/IEC 27002 Foundation Certification Training Course and will actively pursuing accreditation for the Advanced level during the Summer of 2009
 - We use our own accredited instructors
