EDUCATION & ASSESSMENTS
based on ISO/IEC 27000**

• InterProm USA is the first accredited training provider in the US to offer the ISO/IEC 27002 Foundation certification training course.

• All our ISO/IEC 27002 certification training courses are accredited. InterProm USA is an EXIN-accredited training provider.

• We co-authored the official ITIL v2 Security Management book.

• ISO/IEC 27002 certification training courses combine the best practices of this international security standard with those of IT service management frameworks and standards.

• Our ISO/IEC 27002 assessments complement your internal information security management self-assessments and assure an increased level of objectivity and process maturity.
